

## What the Edison Softball Camp Is All About...

Our camp is designed to teach the total game of fastpitch softball. We want our participants to learn the game, develop better technique and have an opportunity to be trained by our qualified staff. All activity sessions will be geared towards learning the fundamentals of the game both offensively and defensively. Our emphasis will be hitting, bunting, and baserunning, as well as, defensive position play and strategies while encouraging good sportsmanship and a love of the game. We will also offer specialized pitching instructions.
